**FOR SALE 1971 Datsun 240Z**

This car has a 1978 280z L28 engine built by Rebello Racing out of Antioch, California in March of 2000. It's a 3 liter motor with twin downdraft 32/36 Weber carburetors. It has a 9.8 compression ratio with a 487 lift and 282 duration cam. There are 205,050 miles on the car and about 20,000 miles on the rebuilt motor. A rebuilt 5-speed transmission from a 1981 280zx was installed in 2003, also by Rebello Racing. All invoices have been kept and specifications are provided.

It's a fun car to drive with a unique paint scheme finished in 2000. It comes with a Pioneer stereo and Polk Speakers. The Centerline Auto Drag rims in satin finish are 8.5x15 with 225-45-15 Toyo Proxes RA-1 tires. It has cross drilled rotors, installed in 2015, with new brake system and lines. KYB struts complete the suspension package. The rear end was rebuilt May of 2002. The exhaust has Glass Packs and chrome tips.

In March 2019 a new battery was installed. My weekly drives are limited because of the manual transmission and my recent physical limitations. It has been garage kept and well maintained.

**Asking \$20,000 OBO.**
